

BA PENSIONS – RESULT OF BALLOT

Dear Colleagues,

The closing date for the pension's ballot has just closed. We would like to thank all members who voted in the recent consultative ballot on pensions. I would also like to thank those GMB activists who assisted in getting the ballot out to members.

The question on the ballot asked if you agree with the joint trade unions position that there should be one set of negotiation's covering contracting out, the NAPS/ APS valuation and improvements to BARP pension schemes.

The results of the ballot are as follows:

- YES 99%
- NO 1%

Therefore the overwhelming view of GMB members that voted was to support the trade unions arguments and have one set of pension negotiations. We will now communicate this result to the company and to our sister trade unions.
